

Mission Statement:

“Raising World Changing Christians, Serving Northland Churches”

Vision:

We will impact Our Community by introducing tamariki to Jesus and effectively nurturing them to mature faith.

We will build a strong multi-generational family of believers providing us the best context for excellent child discipleship.

We will invest in the lives of our tamariki and their whanau creating a legacy of faith spanning generations and impacting thousands.

We will put children's needs above our own. Developing a faith community that they are excited to be part of.

Our culture, facility and services will reflect our passion to disciple children.

We will help our children understand they are part of Jesus' church today.

We will develop a discipleship strategy that sets up a life-long growth in faith.

We will support the churches of the North to fulfil their mission.

Imagine

Imagine the most child-friendly church you have ever seen.

Imagine a church where people find that they have many extra uncles, aunts and grandparent figures,

A church that equips and supports parents and grandparents.

Imagine a church where all children feel that they belong.

Imagine a church that feels like a second home to hundreds of kids in Whangarei.

Imagine a church where children don't just learn about God but know God and recognise His voice.

Imagine a church that is intentional about raising a generation of world changers.

Imagine a church where each child is considered a taonga (treasure) and their faith/ character development are our collective responsibility and joy.

Imagine a church whose culture is to encourage children and youth onto every ministry team.

Imagine a church that continually speaks life and destiny over all our children and youth even when they make mistakes.

Imagine a church where we use our gifts to help other churches,
a church that equips all the churches of the North to grow.

Imagine a church whose impact on the North is so positive that people want to remain in the North.

Please take time to pray, dream and discuss what the above might look like at 'our church' - Your servants – The leadership team
